**I have examined the books and records made available to me and certify that  
these accounts represent a true record of The Wren Conservation Group's affairs  
for the year ended 31st December 2025.**

**The Wren Conservation Group**  
**Treasurer's Report for the year ended 31 December 2025**

The Wren Conservation Group generated total income of £3,120 (2024: £3,168) and incurred total expenditure of £2,073 (2024: £3,273) to generate a surplus of £1,047 (2024: deficit of £105) across the year to 31 December 2025.

The surplus has been retained in the General Reserve and so increases it by the same amount. The General Reserve started the year with a balance of £4,629 (2024: £4,734) and ended with a balance of £5,676 (2024: £4,629).

Total income decreased by £48 (1.5%) compared to 2024, though there was significant movement within the component parts. Membership Subscriptions increased by £130 but this was due to the early receipt of £390 for 2026 subscription renewals. Donations increased by £1,088 and this was entirely due to a single donation of £1,167 from the Wanstead Beer Festival. There was no income in 2025 from the National Lottery Community Fund for the Wanstead Wildlife Weekend as no expenditure was incurred, only the free time from volunteers, resulting in a decrease of £1,133.

Total expenditure decreased by £1,199 (36.7%) compared to 2024. The largest contributing factors were a decrease of £819 for the Wanstead Wildlife Weekend and £713 for the January 2024 and January 2025 Winter Events. Field Work increased by £302 largely due to the purchase of a new moth trap, with battery and charger.

Given the healthy position on the General Reserve, I propose that Membership Subscriptions for 2027 are held at the current rates of:

Regular (18 and older): £10  
Under 18, unwaged, and over 60: £5  
Family: £15  
Life: £150
